

South Gibson County High School

About SGC

South Gibson County High School is a comprehensive high school that opened its doors in August of 2009 to a freshman and sophomore class with a current enrollment of approximately 250 students.

A challenging and rigorous curriculum is provided that is aligned with the new TN Standards. Innovative, engaging, and research-based instructional strategies are utilized in the classrooms in order to maximize learning time and meet the unique and individual academic and social needs of all students within the 90-minute block. In addition to the four 90-minute classes, students at SGC participate in a 30-minute FOCUS period each day following 2nd block. This is a time during the day that students are engaged in school-wide initiatives including mentoring, writing, math, reading, and extracurricular club meetings, all in an effort to increase student achievement. Additionally, an exciting extracurricular program is in place that provides opportunities for students to become actively involved in their school in a variety of areas.

It's an exciting time at South Gibson County High School. We have great things already in place and many new initiatives upcoming with implementation planned for second semester. Specifically watch for our Hornets to go GREEN! We invite you to come visit us and see for yourself that "*A Great Place to be is at SGC!*"
